

Christian Neighbors Resource Workshop

Resource Navigation Workshops will be a weekly event where our computer lab is open to the community for free access to a computer, printer and internet access. Case managers will be on hand to assist with resource navigation and case management help. You can use one of our checklists to be sure you are signed up for all the local and state resources available to you. You can also use this time to work at your own self pace on online schoolwork, finding employment, housing assistance and so much more.

When: Every Monday

Time: 10am-12pm

Where: Education Resource Center
Computer Lab

282 12th Street, Plainwell

(next to current Christian Neighbors building)

NO REGISTRATION REQUIRED

You can drop in to the Education Resource Center on any Monday between 10am-12pm. Open to any resident of Allegan or Kalamazoo County. Please watch for special advertised workshop themes on various weeks, including Home Heating Credit assistance, how to earn your GED/Diploma, Medicare/Medicaid reenrollment and more.
